

Bloodborne Pathogen Update

- ✦ Mandatory for BLS personnel who handle blood, blood products or potentially infectious materials.
- ✦ Mandatory for all personnel with select agent clearance.

Please attend one of these 1 hr sessions:

Monday, May 11	10:30 am or 1:00 pm
Friday, May 15	10:30 am or 1:00 pm
Tuesday, May 19	10:30 am or 1:00 pm
Wednesday, May 20	10:30 am or 1:00 pm

All sessions
Auditorium

Objectives: At the completion of this training employees will be able to:

- ☐ Define bloodborne pathogens and how they are transmitted
- ☐ Describe the hazards associated with HIV, HBV, HCV and methods of protection
- ☐ Define and describe Universal (Standard) Precautions, PPE and proper cleanup
- ☐ Access the Institute's electronic safety documents

This training fulfills the requirements of 29 CFR Part 1910.1030 by training employees on: The Institute's Exposure Control Plan, recognition of exposure situations, signs and labels, PPE selection/use, HBV vaccine and emergency procedures.

Please plan accordingly: Attendees should plan to attend the full 1 hour program. Programs will start on time and no admittance will be allowed once a program has begun. Thank you.
